25X1

1. According to information from Warsaw and Silesia, all rumors about public protests against the arrest of Cardinal Wyszyński are entirely without foundation and are believed by some people to have been spread by the security authorities in an attempt at provocation.
2. Nevertheless, public indignation against the attacks on the Church is genuine and deep, though it is realized that any active expression of disapproval would be useless. The "patriot priests" are particular objects of general abomination.
